The Region's Largest Independent Battery Distributor

ABOUT NORTHEAST BATTERY:

Northeast Battery is the area's largest, most diverse independent battery distributor, providing exceptional battery products, components and services to industry leaders throughout New England, New York, New Jersey, Ohio and the Mid-Atlantic region.

Founded in 1985, Northeast Battery has grown into a true battery powerhouse and has been ranked by Inc. Magazine as one of America's fastest growing companies. We carry only premium battery products from respected manufacturers like EnerSys, Full River, Motobatt, ReLion, Trojan and UltraPower.

Our comprehensive products include a full range of Starting, Lighting and Ignition (SLI) products, stationary power systems for telecommunications and uninterruptible power supplies (UPS), and high-end motive power batteries.

GET WHAT YOU NEED, WHEN YOU NEED IT:

- Our own fleet of delivery trucks, trailers and vans driven by our experienced, knowledgeable staff.
- Eleven key distribution centers with more than fifty sub-distribution centers.
- Weekly delivery routes by geographic areas.
- Technical support on-site or via telephone.
- Excellent customer service.

CLEAN & GREEN:

- Multiple lines of sealed, maintenance free products.
- Certified professional recycler of spent batteries.
- All hazardous materials are properly documented and disposed of safely.
